Pregunta: 1-a)

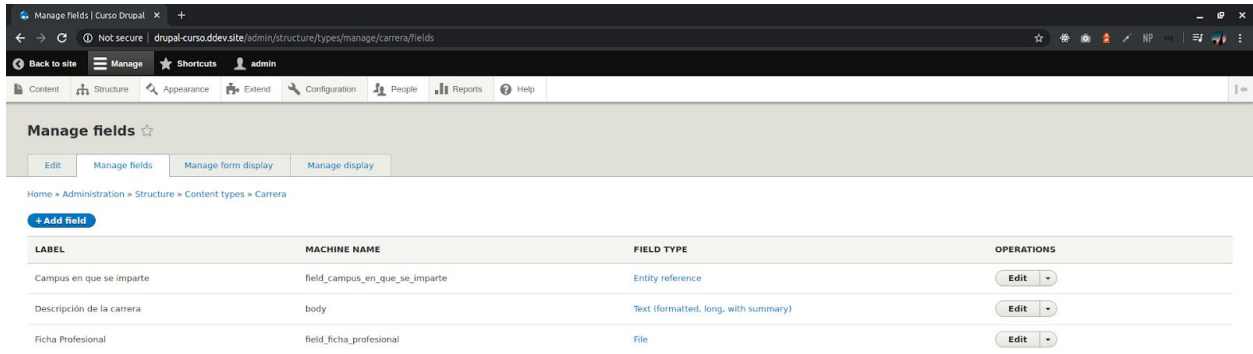

Existen 2 vocabularios

1. Campus
2. Tags

Solo tiene los campos campos por defecto

Pregunta: 2.1-d)

The screenshot shows the Drupal administration interface for managing fields on the 'Carrera' content type. The breadcrumb trail is 'Home » Administration » Structure » Content types » Carrera'. There are four tabs: 'Edit', 'Manage fields' (active), 'Manage form display', and 'Manage display'. A '+ Add field' button is located above a table of existing fields.

LABEL	MACHINE NAME	FIELD TYPE	OPERATIONS
Campus en que se imparte	field_campus_en_que_se_imparte	Entity reference	Edit
Descripción de la carrera	body	Text (formatted, long, with summary)	Edit
Ficha Profesional	field_ficha_profesional	File	Edit

Al ser añadido inicialmente tiene el campo body, pero como ya lo había avanzado añadí los campos, Campus que se imparte, Descripción de carrera y ficha profesional

Pregunta: 3 - 4 - a)

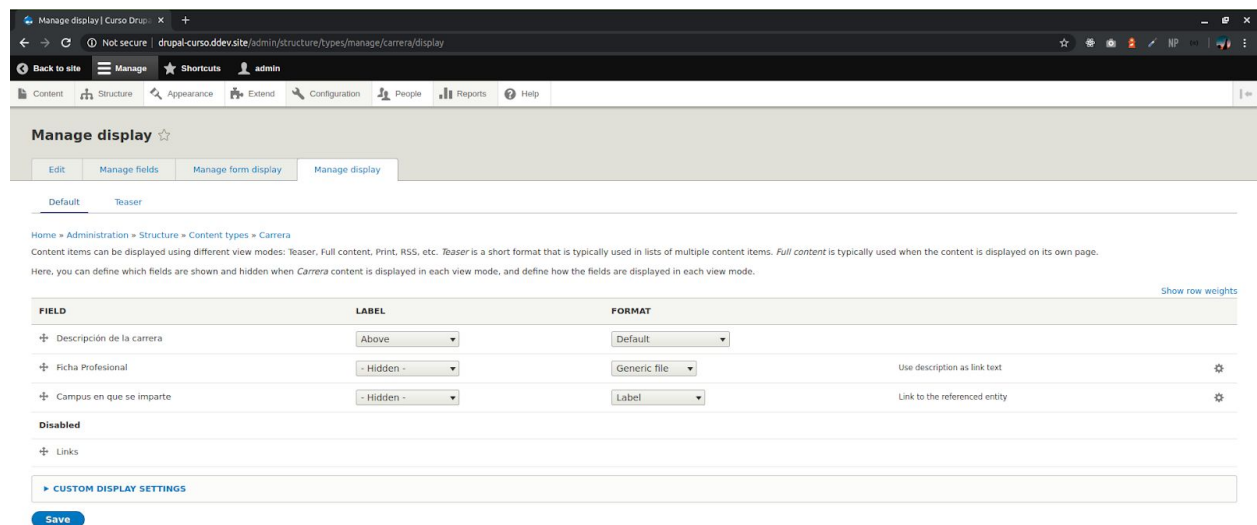

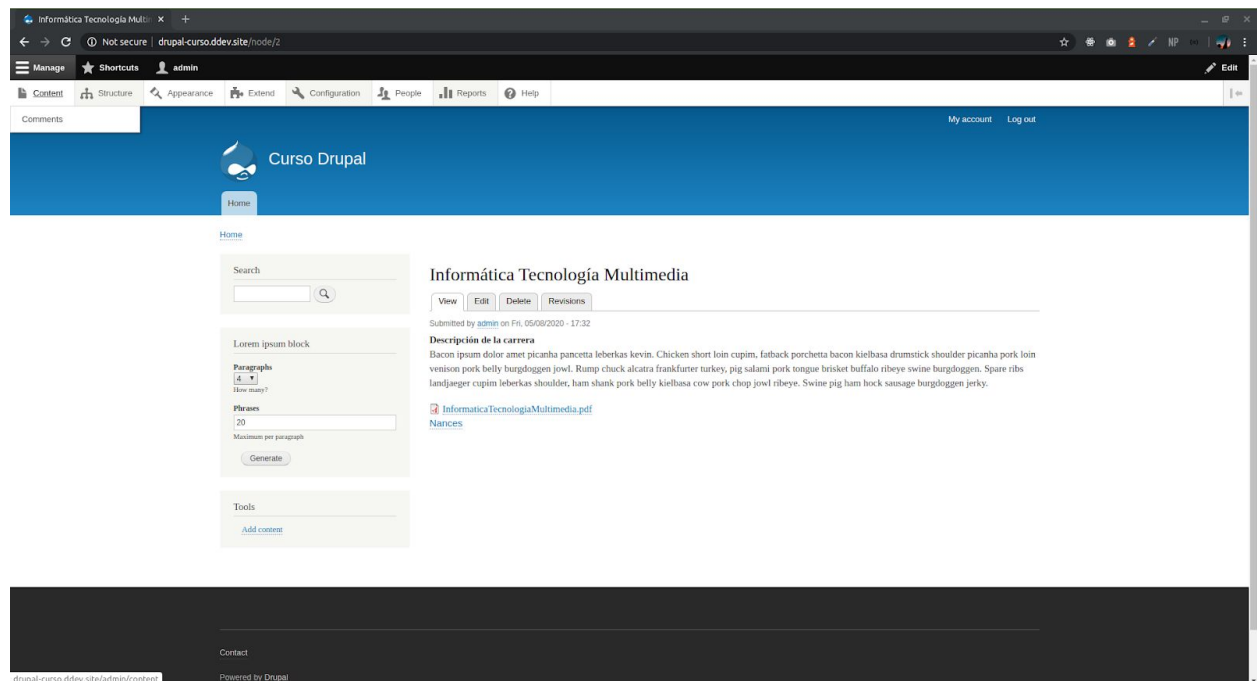

The screenshot shows the Drupal administration interface for the 'Campus' taxonomy. The breadcrumb trail is 'Home > Administration > Structure > Taxonomy > Edit Campus'. The page title is 'Campus'. Below the title, there are tabs for 'List', 'Edit', 'Manage fields', 'Manage form display', and 'Manage display'. The 'Edit' tab is active. The page content includes a '+ Add term' button and a note: 'You can reorganize the terms in Campus using their drag-and-drop handles, and group terms under a parent term by sliding them under and to the right of the parent.' Below this is a table with two columns: 'NAME' and 'OPERATIONS'. The table lists three terms: 'Grecia', 'Nances', and 'San Pedro', each with an 'Edit' button. At the bottom, there are 'Save' and 'Reset to alphabetical' buttons.

NAME	OPERATIONS
Grecia	Edit
Nances	Edit
San Pedro	Edit

Se pueden ver los 3 términos de la taxonomía campus

1. Grecia
2. Nances
3. San Pedro

Pregunta: 3 - 5 - a)

Se le retiró el label a los campos de taxonomía y archivo, además se añadió el label de la descripción
